

A comprehensive whiteboard for instant idea sharing within Microsoft Teams

Frameable is a software company that aims to enhance remote collaboration within Microsoft products by offering tools to streamline teamwork from anywhere.

What we offer

Frameable Whiteboard is the easiest way to collaboratively brainstorm and craft compelling ideas from start to finish.

Built for in-call collaboration, but available anywhere, Whiteboard's intuitive design and mind-mapping features like nested cards and semantic zoom, allow you to bring ideas to life and tell complete stories.

Our boards are easy to create and share no matter if you're in a call with your team or sending a board to an external client. Start from scratch or pick up where you left off no matter where you are.
